Description: Report on "Cybersecurity Roadmap: A Practical Guide to Building Your Cybersecurity Career"

Engg College √ **Polytechnic**

The **Department of Computer Science and Engineering (Data Science & Cyber Security)** at **G H Raisoni College of Engineering and Management (GHRCEM), Pune**, in association with the **IEI Student Chapter**, successfully organized an expert technical session titled **"Cybersecurity Roadmap: A Practical Guide to Building Your Cybersecurity Career"** on **1st October 2026** at **E Building 316**. The session was formally inaugurated with opening remarks on the growing industry demand for skilled cybersecurity professionals.

The session was delivered by **Mr. Abuzaid Shaikh**, **Analyst – DevSecOps** at **RiskBerg Consulting**. Holding the **RHCSA** credential and the **Red Hat Certified Specialist in Containers** certification, Mr. Shaikh brought first-hand industry perspective to the forum. He presented a structured roadmap for entering and advancing in cybersecurity, covering foundational skills, specialized domains, essential tools, **cloud technologies**, professional certifications, and diverse **career paths** — from security analysis and **DevSecOps** to consulting roles.

During the interactive technical dialogue, participants explored the core building blocks of a cybersecurity career, including **Red Hat Enterprise Linux (RHEL)**, **networking fundamentals**, **cloud technologies**, and **containerization**. The speaker demystified industry credentials such as the **RHCSA** and the **Red Hat Certified Specialist in Containers**, and introduced students to **Capture The Flag (CTF)** competitions as a hands-on pathway to sharpen offensive and defensive security skills. Mr. Shaikh detailed domain selection across **network security**, **cloud security**, and **DevSecOps**, the tooling used by modern security teams, **certification roadmaps** aligned to industry demand, and strategies for continuous learning in a fast-evolving threat landscape, helping students connect classroom concepts with industry expectations.

The session witnessed enthusiastic participation from **120 students**, who gained a clearer understanding of the cybersecurity industry and the skills required to progress in the field. The program concluded with a felicitation of the resource person and a formal vote of thanks delivered by Activity Coordinator **Prof. Gayatri Deshmukh**, with guidance from **Dr. Deepika Ajalkar**, **HOD CSE (CS & DS)**.
