Description: Report on "Industry Visit to Infosys Maker Lab (Infosys Springboard)"

Engg College √ **Polytechnic**

The **Department of Computer Science and Engineering (Data Science & Cyber Security)** at **G H Raisoni College of Engineering and Management (GHRCEM), Pune** organized an educational and experiential **"Industry Visit to Infosys Maker Lab (Infosys Springboard)"** on **1st August 2026** at the **Symbiosis Institute of Technology (SIT) Campus, Lavale, Pune** under the esteemed aegis of the **IEI Student Chapter**, supported by Campus Director **Dr. R. D. Kharadkar** and I/C Director **Dr. N. B. Hulle**.

The technical visit and lab walkthroughs were hosted by the **Infosys Maker Lab Technical Team**, providing students with direct access to enterprise-grade prototyping infrastructure, modern software engineering stacks, cloud-connected IoT architectures, and industry-standard innovation paradigms under the **Infosys Springboard** technical initiative.

Students actively engaged in live technical walkthroughs and interactive discussions regarding industry workflows, embedded firmware integration, real-time telemetry streaming, containerized microservices, and AI-driven telemetry analytics. Department leadership and faculty mentors highlighted the crucial significance of experiential industrial learning in bridging theoretical academic curricula with practical industry expectations.

A cohort of **30 engineering undergraduates** attended the industrial exposure visit, gaining critical insights into corporate technological development and innovation ecosystems. The program concluded with an interactive Q&A session and a vote of thanks delivered by Event Coordinators **Mr. Pramod Aswale** and **Mr. Chinmay Mukim**.
